

aposta de hoje bet365

In general, there are not many countries that ban Bet365. In Europe, Belgium, France, Germany, Italy, Spain, and the Netherlands are the only countries that have banned it.

Other countries where it is banned include Turkey, the United States, and several countries in Asia and Oceania.

Only the Philippines has banned it in this region.

The most common reason for the ban is that the company is not licensed in those countries.

For example, in the USA, Bet365 is not legal because it does not have a license from the relevant authorities.
